Introduction

The preparation of Cedefop's pan-European skills supply and demand forecasts is supported by a network of experts in forecasting and labour market analysis from each EU Member State. Individual Country Experts (ICEs) contribute to increasing the quality of the reports based on the Cedefop Skills Forecast.

Workshop rationale and objectives

This workshop provides a platform for ICEs to meet and provide feedback to Cedefop on different aspects affecting the results from the 2020 release:

- The European Green Deal;
- Automation;
- Ageing of the population; and
- Covid-19.

Workshop structure and methods of working

The virtual workshop will be organised as a series of presentations and discussions. During the presentation, all microphones will be muted. The *raise hand* option in Microsoft Teams will be used to indicate the request to ask a question. The moderator will indicate the order of the participants to ask questions.
