Name of the instrument - English translation	Continuing education grant
Scheme ID	52
Country	 Germany
Reporting year	2020
Type of instrument	Grant for individuals
Sub-type of instrument	Cost-related support
Type of entry	Single instrument

Short description	Individuals receive State-funded contributions to their costs for education and training. Specific groups defined by their status of vulnerability who are defined by being employed 15 hours or more per week, having an income of a maximum of EUR 20 000 per year (individual) or EUR 40 000 per year (household income) can apply for the grant. The eligible education and training activities include individual professionally related training. That means that the selected training measure for the participant must be relevant for his/her professional life - regardless of the current job. The co-funding share is 50% and max EUR 500 of the costs for training and education. No preferential treatment is applied. The scheme is governed by the Federal Ministry of Education and Research. The scheme can be used once in each calendar year.
