

Youthpass Handbook

Improving the visibility of competences in the framework of Youthpass

Description

Youthpass is a European recognition tool for identifying and documenting learning outcomes that are acquired through non-formal and informal learning in projects under the Erasmus+ Youth and the European Solidarity Corps programmes. It aims to make learning visible, strengthen learners' awareness of their competences and support their educational, professional and personal development.

This handbook, together with additional guidance materials, explains how to implement the tool in practice and how to foster the recognition and visibility of learning outcomes gained through youth work and non-formal learning.
