

ILO: Monitoring the performance of the Youth Guarantee: A learning package

Description

This package is a tool to support the organization of training sessions on monitoring the performance and evaluating the results of YG schemes. It explores the key features; reviews the basic principles of monitoring and evaluation; details the indicator framework for monitoring the YG; offers guidance on how to monitor the performance and measure the impact of national YG interventions. Each learning module contains sample PowerPoint Presentations; and handouts with additional learning and other resources.
