AO/ICTF/LT/Heating Oil/025/08
‘Acquisition of Heating Oil’
CLARIFICATION 1

Tenderers are informed that:

1. As far as the requirement for “delivery of the ordered quantities by own means (barrel trucks, own personnel)” in the first indent under point 2.2 – “Description of tasks” is concerned, delivery may take place by means that the Contractor has *available* for that purpose, that may not necessarily be in his possession. Cedefop does not dispose of such means that it could possibly make available for the same purpose.

2. The 2nd, 3rd and 4th sub-paragraphs of point 4.2 – Subcontracting/Subcontractor are amended as follows:

“The tenderer must indicate clearly which parts of the work will be sub-contracted, and additionally specify the identity of those subcontractors only undertaking more than 10% of the work by value.

All such subcontractors must provide the required evidence for the exclusion and selection criteria.

Where no sub-contracting is indicated, the work will be assumed to be carried out directly by the bidder”.
