

**OPEN INVITATION TO TENDER****AO/ECVL/JB-SPEV/Qualifications_EQF_level_5/001/12****‘Qualifications at level 5 of the European Qualifications Framework (EQF)’****REQUEST FOR CLARIFICATION (1) – QUESTIONS & ANSWERS****Question Nr. 1**

The “.....” intend to submit a tender for the above project. I request clarification on whether the in-depth analysis of one of the 6 case studies could focus on one part of a constituent country referencing to the EQF or whether the case study would need to focus on the country as a whole.

Cedefop’s clarification to Question Nr. 1

Part of a constituent country referencing to the EQF could be the focus of one of the case studies.

Question Nr. 2

In our proposal the Subcontractors being the national experts (representing less than 10% on individual bases and less than 40% jointly of the overall budget) carry out the part of the work programme and tasks.

Therefore we believe, it would be appropriate to put their travel expenses into the Price schedule table under the Heading 2b.

In case this is not the appropriate approach, can you please specify where in the Price Schedule Table these expenses are to be indicated.

Cedefop’s clarification to Question Nr. 2

Your understanding is correct. In points 2.9 and 5.4 it is clearly indicated that “Any other travel, accommodation etc. expenses that may occur in performing the tasks as described in the Technical Specifications have also to be included in the Financial offer (see point 5.4, item 2b in Price Schedule table).”
