New Skillsnet project: European skill needs forecasting

Expert workshop in Cyprus in October 2005

- Agreement to launch European-wide skill needs forecasting exercise

Short-term approach

- Pan-European forecasting model using data available for all countries

Longer-term approach

- Involvement of all European countries in the development

Expert workshop in Warwick in November 2006

Goal of this workshop

To identify:

- future occupations and skills needed
- new and changing skill needs

in the **agri-food** as well as the
forestry-wood sectors

European Centre for the Development of Vocational Training

Thank you for your attention!
