

OPEN INVITATION TO TENDER
AO/DSL/VKVET/Skills forecasts/001/16
Cedefop Correction (1)

1- In section 5. AWARD OF THE CONTRACT of the Tender Specifications, the following text:

The evaluation of the exclusion, selection and award phase will be done in NO particular order. If the tenderer or the tender does not pass a phase, it will not be evaluated under the other remaining phases.

The contract shall be awarded to the tenderer submitting the best price-quality ratio method as represented by the highest Total Score (TS) out of 100.

The Total Score (TS), comprising quality + price score, will be calculated for each tender by applying the formula below:

$$\text{Total Score (TS)} = X \cdot (\text{TQV}/100) + Y \cdot (\text{Cheapest TFO} / \text{TFO})$$

Whereby:

TQV = Total Quality Value of the tender (as per points 5.1 and 5.2);

TFO = Total Financial Offer of the tender (as per points 5.3 and 5.4);

X is the weighting for quality score (TQV) and for this tender procedure it is fixed to (60);

Y is the weighting for price (TFO) and for this tender procedure it is fixed to (40).

*Cheapest TFO is the Cheapest Tender Price of a technically compliant tender (i.e. among those having achieved a minimum of 50% of the possible score for each award (evaluation) criterion and in total a minimum of 70 out of 100 points (TQV) in the technical evaluation – see below).
[.....]*

Shall be replaced by:

The evaluation of the exclusion, selection and award phase will be done in NO particular order. If the tenderer or the tender does not pass a phase, it will not be evaluated under the other remaining phases.

The contract shall be awarded to the tenderer submitting the tender that offers the best-value-for-money as represented by the highest Total Score (TS) out of 100.

The Total Score (TS), comprising quality + price score, will be calculated for each tender by applying the formula below:

$$\text{Total Score (TS)} = X \cdot (\text{TQV}/100) + Y \cdot (\text{TFS}/100)$$

Whereby:

TQV = Total Quality Value of the tender (as per points 5.1 and 5.2);

TFS = Total Financial Score of the tender (as per points 5.3 and 5.4);

X is the weighting for quality score (TQV) and for this tender procedure it is fixed to (60);

Y is the weighting for price (TFS) and for this tender procedure it is fixed to (40).

For the calculation of TFS, only technically compliant tenders (i.e. among those having achieved a minimum of 50% of the possible score for each award (evaluation) criterion and in total a minimum of 70 out of 100 points (TQV) in the technical evaluation – see below) will be considered.

[.....]

2- In point 5.3 of the Tender Specifications, the following text shall be deleted:

The tenders are awarded points for the Total Price offered by using the following formula:

Financial score = (cheapest Financial Proposal / Financial Proposal of the tender considered) Y.*

Where Y = price weighting (see the complete formula under point 5 above)
