Request for Clarification (1) – Questions & Answers

Question No 1

Can you please clarify if 1 CV can be proposed for more than 1 profile?

Cedefop's answer to question No 1

The tenderers may **not** propose one CV for more than one profile, since they are required to submit a minimum total number of 15 CVs, categorised by profile as outlined in section 3.2.2 of the Tender Specifications.

However, they may indicate in their offer, for possible future performance of the contract, that a CV fulfils the requirements for more than one profile, provided that the person complies with all the requirements for each of these profiles.
